Q13. What is good about the course?

1. Instructor is really inspiring. He merged his experience in real industrial world to the lecture pretty well. Also, his research topic largely matches with course material.

Q14. What could be done to improve the course?

1. We have very few knowledge to software engineering. Blindly let us decide what to do will lead to serious problem to us. We made a really big plan and get my life very very hard.
